

Palazzo Condominiums

Garage Cleaning Schedule

2009

October 11

Upper B

October 25

Lower B

November 8

Upper C

November 15

Lower C

If you park on a level that is scheduled to be deep cleaned, you must remove your vehicle in order for that level to be cleaned. The process involves applying alkaline soap with a heavy duty scrub machine. It takes approximately 7 hours. You can park your car on the street in front of or behind the Palazzo from 6:30pm until the morning.
